

What is a battery cabinet?

Battery cabinets are a convenient storage solution that encourages staff to maintain the correct handling and storage procedures. By charging and storing batteries in the one location, you are reducing the likelihood of batteries being lost, stolen, damaged or left in unsafe conditions (such as outdoors).

How do I choose the right battery storage cabinet?

We can help you get the right battery storage cabinet to match your new UPS. Whether leveraging an existing battery cabinet through a retrofit or opting for a new cabinet altogether, you'll also need to consider connector compatibility, cable size and the possibility of re-wiring.

Do I need a new battery storage cabinet?

Most batteries with greater runtime capacity are also physically larger and require more battery storage space. If your current battery cabinet cannot store the larger batteries you're moving to, a new or retrofitted battery and energy storage system will be required. We can help you get the right battery storage cabinet to match your new UPS.

What is a Legrand Battery Cabinet?
