Battery Font is a stylish handwritten font. Suitable for a wide spectrum of applications. From greeting cards to headlines, this font will guarantee a romantic touch to each of your creations! DETAILS special ...

Aside from using the font size as a cheap method to enlarge the status bar text, is there another more accurate method of going about this? The icon text is so tiny and it gets extremely difficult to distinguish the exact percentage number once the icon reaches about 70%-30% because the numbers and icon become blended in a way.
