

Get the energy storage device and check the terminal before starting

How do I activate all the energy storage terminals?

So, let's see what steps you need to take to activate all the terminals: Research Terminal #1: Take the first Energy Storage Device and move forward and to the right. You'll have practically no other options, so you'll know where to go right away.

How do you find the last energy storage device?

Place the energy storage device near it and break the second seal, which will open more paths. Once that is done, go back to your original spot to pick up the last device. After collecting the third energy storage device, go straight and turn left at the end. You will find the last research terminal near a broken mine car.

How do you unlock a research terminal in Genshin Impact?

Acquiring the Energy Storage Device and unlocking the Research Terminal is part of the An Eye for An Eye Quest in Genshin Impact. Players must collect three Energy Storage Devices and use them on three different Terminals to remove the barriers blocking the Research Terminal.

How do you find a research terminal?

You will be able to easily spot the research terminal. Place the energy storage device near it and break the second seal, which will open more paths. Once that is done, go back to your original spot to pick up the last device. After collecting the third energy storage device, go straight and turn left at the end.

How do you use energy storage devices in Genshin Impact?

Players must collect three Energy Storage Devices and use them on three different Terminals to remove the barriers blocking the Research Terminal. The step is quite simple and easy to follow as the Research Terminals are marked on the map in Genshin Impact.

Where can I find the energy device?

To find the Energy Device, you must first pick it up, which is hidden behind a Geode. Once you have the Energy Device, the timer will start, and you need to find the corresponding terminal within the time limit. Be sure to avoid the floating circles as they will reduce the timer by 30 seconds. Follow this exact path to find the terminal.
