How much is the normal battery price discount

Understanding the cost of a car battery is crucial for every vehicle owner, as it's an essential component that inevitably needs replacement. Car battery prices can vary significantly based on several factors, leaving many wondering, How much is a car battery? This guide will explore the range of car battery costs, types of car batteries, factors influencing car ...

I think a battery for my Peugeot 107 cost about €40. But I also know that this battery isn't good enough to start my Toyota RAV4, and it definitely wouldn't be adequate for a car with stop/start technology, or a Range Rover. So I wouldn't expect to find a battery for a Range Rover for €40. But I wouldn't pay €200 for a battery for my 107 either.
