

Is Iceland liable if the product information is incorrect?

Despite the product information being regularly updated, Iceland is unable to accept liability for any inaccuracies or incorrect information contained on this site. This does not affect your statutory rights. We recommend that you always check the packaging for allergen advice and talk to your doctor if you need any further food allergy advice.

What kind of batteries does Energizer use?

The Energizer Alkaline Power range also includes AAA, C, D and 9V batteries, so it's easy to find reliable power in the size you need. For rechargeable batteries, search for Energizer Recharge - ideal for high-tech devices.

Are Energizer batteries recyclable?

That's why these batteries are sold in 100% recyclable, plastic-free packaging\* that supports responsible forestry. Please note that the Energizer battery package you receive may vary from the packaging shown, depending on retail inventory. Thank you for your patience as we transition to recyclable packaging.
