## **SOLAR PRO.** Invest 2 billion in batteries

Why is the UK investing in battery manufacturing?

The UK government is committed to continuing to invest in UK battery manufacturing. This strategy builds on our impressive track record of targeted government support, leading to a pipeline of investments through the battery ecosystem:

How much money will Portugal invest in a new lithium battery?

The 36 projects will net the country over 2.7 billion euros and are part of the largest influx of such investment in Portugal since 2016. China Aviation Lithium Battery (CALB) will invest 2 billion euros in the state-of-the-art factory - its first in Europe.

Why should we invest £38 million in the UK battery Industrialisation Centre?

Invest an additional £38 million to enhance the UK Battery Industrialisation Centre development facilities, boosting its capability for research and development in new chemistries and future technologies. This builds on our know-how in lithium-ion solutions and enables the scale-up of emerging innovations.

How much will Toyota Motor Invest in a new battery?

Toyota Motor will play a central role in this effort, with plans to invest approximately 245 billion yen(about \$1.7 billion) alongside its battery subsidiaries, Prime Planet Energy & Solutions and Primearth EV Energy. The investment will increase Toyota's production capacity for both solid-state and prismatic batteries by an additional 9 GWh.

What is the future of battery production in the UK?

'UK Electric Vehicle and Battery Production Potential to 2040.' 2022. ? McKinsey Battery Insights Team. 'Battery 2030: Resilient, Sustainable and Circular.' 2022. ? HM Government. 'Transitioning to zero emission cars and vans: 2035 delivery plan. '2021. ?

Will Japan increase subsidies for EV battery production in 2024?

Driving electric vehicle adoption On September 6,2024,the Japanese government announced plans to increase subsidies for electric-vehicle (EV) battery production, committing up to \$2.4 billion in support for projects led by Toyota Motor and other major companies.

With a combined investment of approximately 2.514 billion euros (\$2.6 billion), the move signals Gotion's commitment to expanding its international presence in the fast ...
