

How long do lithium batteries last?

Lithium Batteries last on average up to 8x longer than the equivalent alkaline battery, yet they are only around 2 - 3x the price. This makes them excellent candidates for devices with high drain requirements such as camera flashes and door locks. Lithium Batteries continue to provide power well after conventional batteries fail.

What is a lithium battery?

The lithium technology makes these batteries lighter than regular alkaline batteries. For mobile applications this technology should be preferred. Looking for a Lithium Battery? ? We stock a great high quality selection from big brands such as Varta, Bosch, Exide and many more. Next Day Delivery!
