

I recently replaced two 6-Volt golf cart batteries with a 400ah lithium battery. I removed the golf cart batteries and installed the*Victron smart shunt (connecting the negative cables from the inverter/charger to the lithium battery negative terminal), connected the positive connection to the lithium battery, set the dip switches to "Gel Cell Cool" on the Heart Interface ...

Value Motorola DP1400 Replacement Lithium Ion Battery (NNTN4497CR) quantity. Add to order. Description Additional information Description. Product Information. 7.4 Volt high capacity Li-Ion Battery (NNTN4497CR) ...

Power your BMW with the Genuine BMW OEM Lithium-Ion Car Battery, specifically designed for the BMW G80 M3, G82 M4, G87 M2, and F92 M8 models. This high-performance battery offers superior reliability, lightweight construction, and enhanced energy efficiency, delivering optimal power for your BMW's advanced systems and high-performance engine.

I know of several Monaco Signature and Country Coach Magnum/Affinity owners that have installed lithium battery banks with the OEM Leece Neville 270-amp alternator connected. So far there are no issues. These big alternators are very different than standard automobile alternators.

Our OEM lithium battery products have passed multiple internationally recognized certifications, including UN38.3 for transportation safety, MSDS for material safety, Maritime Transport Report for sea shipping ...
