Supply Price £/KWh. Installation cost. Warranty. Trade Rating. Tesla. PW2. 13.5. £5000. £370. £1550. 10 years. ... Storage and usable capacity: Measured in kilowatt-hours (kWh), these values represent the amount of ...

Hypothesis 4. To facilitate comparison and analysis, we assume that the government subsidy intensity s , recovery price A , and effort cost coefficients k in all models are the same. Recovery effort cost is $\frac{1}{2}ke^2$, where e is the battery recovery. This function shows that the cost of recycling efforts will rise rapidly as such efforts increase, which indicates that it ...

Switch to the best supplier of zero carbon electricity in 2025. Find our best, cheapest energy deals, compare energy prices for gas, electric, dual fuel & prepayment tariffs
