

Unfortunately, Anker has since removed the sundial feature from the updated panel. I'll be testing their new 100-watt panel in coming weeks and will provide an update on ...

Solar panels are becoming a popular way for people to generate their own electricity. The Goal Zero range of solar panels are super easy to setup as they integrate seamlessly into a Yeti Power Station, creating a complete Solar Generator solution, without the need for an electrician or expert. So you can be generating energy from the sun and storing it for future use straight away.
