The global aluminium market faced challenges in 2024, including alumina shortages, geopolitical tensions, and shipping disruptions. In 2025, alumina supply is expected to recover, creating a surplus, while primary aluminium may shift to a narrow surplus amid limited capacity growth and steady demand. Regional markets will vary, with the U.S. remaining ...

SHANGHAI, May 4 (SMM) - Battery separator prices stabilised last week. Market sentiment has improved a little recently. Low raw material inventory and plans to raise production schedules in May drove some battery makers to increase purchases of battery separator. Sell-off by small and medium-sized battery separator manufacturers has eased.
