

Ranking of Chinese Solar PV Module Manufacturers

Who are the top 20 solar module manufacturers?

The module shipments of the top 20 manufacturers increased by more than 50% year-on-year, of which the shipments of the top four accounted for 59.95% of the total shipments of the top 20. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as previous year.

Who are the top 10 PV module suppliers in 2024?

The Top 10 PV module suppliers (ranked by shipment of own-branded product) in 2024 were all Chinese companies, for the second year in a row. It now seems a long time since the likes of First Solar or Hanwha featured in the Top 10 shipment rankings. To get a look-in these days, annual shipment volumes need to be in the range of 25GW and above.

Which companies are leading the global PV module market in 2022?

A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 270GW in 2022, gradually taking over the global PV module market with their unique advantages. LONGi, the king of the PV industry, supplied 46.76GW of modules in 2022, up 21% year-on-year.

Is Trina Solar China a good PV module company?

Image: Trina Solar China's PV module companies released their financial reports for 2022 and the first quarter of 2023 at the end of April, with some of the leading manufacturers posting strong performance. Currently, the competition among AAA-grade PV module companies is fierce.

How does Wood Mackenzie rank solar PV module manufacturers?

Wood Mackenzie's unique scoring methodology evaluated more than 30 solar PV module manufacturers. The ranking examines nine different criteria, including module manufacturing experience, vertical integration, financial performance, capacity utilisation, and more. Top 10 solar PV module manufacturer ranking in 2023: Source: Wood Mackenzie.

How many PV companies are there in China?

Potentially, there is now a subset of about 20-30 companies in China that are going to shape the direction of the PV industry in the coming years, with just a handful of these making and selling the modules. Until recently, many of these companies were largely unknown outside China.

Wood Mackenzie says that JA Solar has taken first place on its list of solar panel manufacturers. Nine of the first 12 positions are held by Chinese manufacturers, seven of them could surpass 100 GW of capacity by 2027, ...

Ranking of Chinese Solar PV Module Manufacturers

The surge in solar energy use made the EU the biggest destination region for China's PV exports in 2022. Nearly \$23 billion worth of products, equivalent to approximately ...

Jinko Solar. Jinko Solar (688223.SH) released its Q1 report for 2023 on 29 April. The company's revenue for the quarter was RMB23.2 billion (US\$3.32 billion), representing a ...

In Wood Mackenzie's top ten solar PV module manufacturer ranking, JA Solar tops the list with the score of 82.9 out of 100, followed by Trina Solar (81.7), JinkoSolar (80.8) and Canadian Solar ...

Canadian Solar, Risen Solar, Chint, Tongwei, DAS Solar and Seraphim were among the top five to ten. A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 270GW in 2022, ...

TrendForce says in a new report that the top six module manufacturers in 2022 shipped around 205 GW to 211 GW of PV panels, accounting for 76% to 78% of 270 GW of module demand last year. All of ...

Discover the top 10 solar PV module manufacturer companies in 2024, featuring American-made solar panels and industry leaders like First Solar and LONGi Green Energy. Call +1(917) 993 7467 or connect with one of our experts to ...

Wood Mackenzie has released a comprehensive ranking of global solar PV module manufacturers based on a unique scoring criteria. We evaluated more than 30 solar PV module manufacturers based on vendor surveys, public filings, proprietary databases and dozens of conversations with manufacturers.

Discover the latest rankings and insights into the top-tier solar panel manufacturers of 2024. Explore updated rankings and key information on leading companies in the solar energy industry. Javascript is disabled on your ...

The ranking report, which is global in scope and based on the Altmann Z-scores of publicly traded manufacturers, covers 65 suppliers this time, which is the same number as the previous module ranking.

Monocrystalline solar cell. This is a list of notable photovoltaics (PV) companies. Grid-connected solar photovoltaics (PV) is the fastest growing energy technology in the world, growing from a cumulative installed capacity of 7.7 GW in 2007, to 320 GW in 2016. In 2016, 93% of the global PV cell manufacturing capacity utilized crystalline silicon (cSi) technology, representing a ...
