

Rollei 6006 Mod2 Camera Body w Battery Pack Untested (av) Description: For sale is a Rolleiflex 6006 Mod2 medium format camera body Condition: Cosmetic Condition: There's a little bit of wear and some

I bought the a smart charger to for the Rollei SLX battery pack with the eight 2/3A NiMH 1400 mAh batteries (10V pack). It takes about 2 hours for it to fully charge an empty pack. ... my new Ni-Mh cells seems to work fine in my 6006. I charge them with my G charger, taking care of the green light disappearing not to overcharge them.

Step 21 -- Finalising the battery pack Note from the wiring diagram the B3-connector of the PCB is unused. So we add electrical tape to isolate it. Step 22 -- Adding P+/P- wires These are the charge/discharge ports of our battery pack Be sure that the length of the wire is long enough to wire it to the Rollei outlet later.

Recently I got last week a Rollei 6002 in what seems to be very good conditions but without instruction manual. ... Could anybody suggest me where and which kind of battery pack I could buy? Thanks in advance for any suggestion/indication. ... the other way is to use a scan-control remote designed for the 6008 SRC 1000 on an SLX/6002/6006 ...

What I will discuss now is a 120 rollfilm camera that had advanced electronics when first introduced to the market and was totally dependant on battery power. That camera is the Rollei ...

At Photokina 2002 Rollei presented the first autofocus 6&#215;6 medium format camera in the world - the Rollei 6008 AF. ... 6006 : 1984 - 1989. Interchangeable film backs. TTL flash meter. ...

2) Battery. The Battery pack is an old fashioned one, and over time holds less and less charge - BUT these days that doesn't mean much any more as alternative battery packs ...

The Rolleiflex 6006 is a medium format SLR system camera manufactured by Rollei, Braunschweig, Germany. It was a further development of the Rolleiflex SLX. One of the biggest changes was the addition of a (daylight) ...

Came across a minty condition 6006 recently. It only has the 80mm with it, along with 2 batteries. ... I have used the Rollei 6006 and found it to be a very nice camera, the metering system is very accurate and do love the Zeiss lenses. There are 2 models for the 6006, 1 and 2. ... and keep a battery pack in your pocket if you used this. But at ...
