

Singapore New Energy Battery Exhibition Address

What is Singapore International Energy Week (Siew)?

The "Singapore International Energy Week" (SIEW), held annually since 2008 at the prestigious Sands Expo & Convention Centre in Singapore, is an exhibition and conference organized by the Singaporean government in collaboration with the Energy Market Authority (EMA) and Clarion Events Pte. Ltd.

Why should you visit Singapore's Energy Exhibition?

There are also exhibits featuring Singapore's own energy sector, raising awareness of our four energy switches and how we are working towards a greener energy mix. The exhibition also addresses our responsibility as energy consumers, presenting a vision of a clean and energy-efficient future.

What is the energy story exhibition?

The Energy Story Exhibition spans six interactive zones exploring the sources, transformation and uses of energy, from natural cycles to modern applications. Zone 1: Evolution of Energy Sources This zone chronicles how energy sources have developed over centuries and how energy continues to drive human civilisation.

What is Singapore's Energy story?

Visitors can explore global, regional, and local energy data, interact with models of different technologies, and demonstrate relevant physics concepts. A key feature of the exhibition is Singapore's Energy Story, a zone dedicated to raising awareness of our four energy switches and how we are working towards greater sustainability.

What is Singapore's Energy Strategy for the future?

Discover Singapore's energy strategy for the future through our four switches - natural gas, solar power, regional power grids and low-carbon alternatives. How will we power cities of the future?

What is EV battery recycling & reuse Asia 2024?

view more... Welcome to the EV BATTERY RECYCLING & REUSE ASIA 2024 Exhibition and Conference, where leading automotive companies will meet with experts in Singapore to explore end-of-service battery recycling and repurposing initiatives for the next generation of electric vehicle batteries.
