A perfect addition for borders, flowerbeds, patios or decking this windmill will add colour and character by day and the LED lighting will bring a relaxing ambience by night. Solar powered, the light will turn on automatically at dusk after charging throughout the day, and features rotating sails that turn in the wind, just like a real windmill.

However, output from both solar and wind energy systems is highly predictable and follows recognizable patterns, making it easy to plan for times when output decrease from solar panels or wind turbines. Interestingly, the times when solar and wind energy are at their best are the exact opposite of each other.
