

What are the key players in the capacitor market?

Some of the key players from the capacitor market such as KYOCERA Corporation provides ceramic capacitor that has a wide voltage range and low series resistance (ESR). These specifications are well-suited for automotive applications. Thus, rise in sales of electric vehicles is likely to have a positive impact on the market.

How did the global capacitor market perform in 2022?

The global capacitor market rose notably to \$X in 2022, picking up by X% against the previous year. In general, consumption, however, saw a prominent increase. Global consumption peaked at \$X in 2020; however, from 2021 to 2022, consumption failed to regain momentum.

Why is China a major market for capacitors in Asia Pacific?

China is a prominent market in Asia Pacific for capacitor due to the availability of raw materials and strong presence of small-scale capacitor manufacturing companies in the country. Furthermore, increase in usage of capacitor for the automotive and power and utility sectors drives capacitor market growth.

What was the average capacitor export price in 2022?

The average capacitor export price stood at \$X per thousand units in 2022, rising by X% against the previous year. Overall, the export price, however, saw a mild decline. The growth pace was the most rapid in 2017 when the average export price increased by X%.

What are the different types of capacitors?

There are several types of capacitors available in the global market, ranging from very small capacitor beads and high voltage capacitors to high temperature capacitors and large power factor correction capacitors; however, they all do the same thing, they store charge. Why are supercapacitors important for electronics industry?

Supercapacitors have stable performance, fast charging and discharging speed, environmental protection and safety, and are suitable for electronics applications. Therefore, growing demand for capacitors from the consumer electronics sector is expected to fuel the capacitor industry. Request a custom report on Capacitor Market
