resilience for commercial and industrial applications where access to continuous sources of power is critical to their operations." ... Largo's common shares trade on the Nasdaq Stock Market and on the Toronto Stock Exchange under the symbol "LGO ...

Compressed Air Energy Storage, or CAES, is essentially a form of energy storage technology. Ambient air is compressed and stored under pressure in underground caverns using surplus or off-peak power. During times of peak power usage, air is heated (and therefore expands), which drives a turbine to generate power that is then exported to the grid.
