

Who makes the best solar panels?

We compared manufacturer data, independent reviews, and third party accreditations for all 322 available solar panel models on the market. According to our findings, the brands with the best solar panels include REC Group, Sunpower, and AIKO.

What are the best solar panels in the UK?

According to our findings, the brands with the best solar panels include REC Group, Sunpower, and AIKO. What is considered the "best" solar panel in the UK will vary depending on who you ask, and what metrics you value. Some homeowners may prefer a low-cost solar panel over one that's highly efficient, for example.

What are the best solar panels in the UK in 2024?

We compared top solar brands to pick the best solar panels in the UK in 2024. We chose SunPower as the best for durability, Project Solar for customer satisfaction, and AIKO as the most efficient. Our experts have researched a broad range of solar panels on the market to help you decide which option best suits your needs.

What are the different types of solar panels for sale in the UK?

Solar panels for sale in the UK are available in various designs, so you can choose a style best suited to your home. Thin-film panels have a much thinner profile compared with monocrystalline or polycrystalline panels. Monocrystalline panels are black in colour, whereas polycrystalline panels are blue and speckled.

How do I choose a solar panel brand in the UK?

Product availability in the UK can also determine which brands installers are able to fit. When you talk to different installers (we'd recommend getting three quotes), use our research on solar panel brands to help you choose between them. Read our full buying advice for solar panels.

Is project Solar a good brand?

Project Solar also claims that this solar panel delivers optimal performance in low-light conditions - a concern for many UK homeowners due to the country's famous lack of sunny weather. However, a lower than average overall efficiency rating of 22.18 per cent means Project Solar is one of the weakest brands in this area.
