

What are the best solar panel brands?

Find out what owners think of JA Solar, Jinko Solar, Longi, Solaredge and Trina Solar solar pv panels to find the best solar panel brand for you.

What makes a good solar panel system?

The quality of the installation and other equipment (such as the inverter) also contribute to how good the solar panel system is overall. Price also varies depending on the solar panel brand and installer. The Which? members we surveyed owned solar PV panels from more than 20 different brands.

Are solar panels a good choice?

In a recent Forbes Home survey, 89.6% of homeowners with solar panels said they were satisfied with their choice, and 82.6% said they would likely recommend installing solar panels to other people. Another 66% of total respondents cited energy savings as a main motivator to go solar.

How do I choose a solar panel brand?

It's unusual to choose a specific solar panel brand at the outset. Instead you're likely to encounter different brand options as you get quotes from different installers. Typically, your chosen installer will buy the panels to fit on your home. Some only install solar panels from one brand, while others may install panels from a few brands.

What are the best solar inverters?

Going solar is a long and major investment, so it's only natural to seek out the best equipment to maximize your savings. In the last 12 months, REC, Q Cells, and Panasonic stood out as the best brands for solar panels, while Enphase and SolarEdge were the best brands for inverters.
