

How many devices can a 25W battery pack charge?

Check for compatibility. The 25W high-capacity 10,000mAh Battery Pack has wired super-fast charging which allows you to rapidly recharge up to 2 devices simultaneously, as well as the battery pack itself when it's low, giving you speed and power when you need it.

How much power does a 10000 mAh battery pack provide?

Effortlessly power up various devices wirelessly with 7.5W of power output using the easy-to-carry 10,000 mAh Battery Pack. Just place your device on the pack to receive a quick boost. Compatible with phones, watches, buds, and other devices for seamless wireless charging. Charge 3 devices simultaneously (2 wired + 1 wireless).

How many devices can a battery pack charge?

When using the Battery Pack to charge two devices simultaneously, each port can provide up to a maximum of 15W power. The body has a neat finish, while the curved lines and soft edges provide a comfortable grip for everyday use. It is compatible with a wide range of devices from your smartphone or tablet to your earbuds, smart watch, and many more.
